

A labour of love for architects, designers, artists, and artisans who have worked together to create the Revolutionized Cortijo, a masterpiece that brings together the essence and vibe of the destination with the flair and soul of the hotel.

SO/  
SOTOGRANDE

COSTA DEL SOL, SPAIN

It all started with the historic Cortijo Santa Maria de la Higuera, a typical Andalusian country house with land overlooking the Mediterranean.

# Enriching, Enthralling Experiences for guests & locals alike

”

The story of SO/ Sotogrande is told through each carefully crafted element of the resort's architecture and gardens. The Andalusian heritage of the original cortijo has been the inspiration for contemporary architecture, design, artwork, fixtures and fabrics. Together they create a tangible energy, a fashion and design led style that flows throughout the resort.

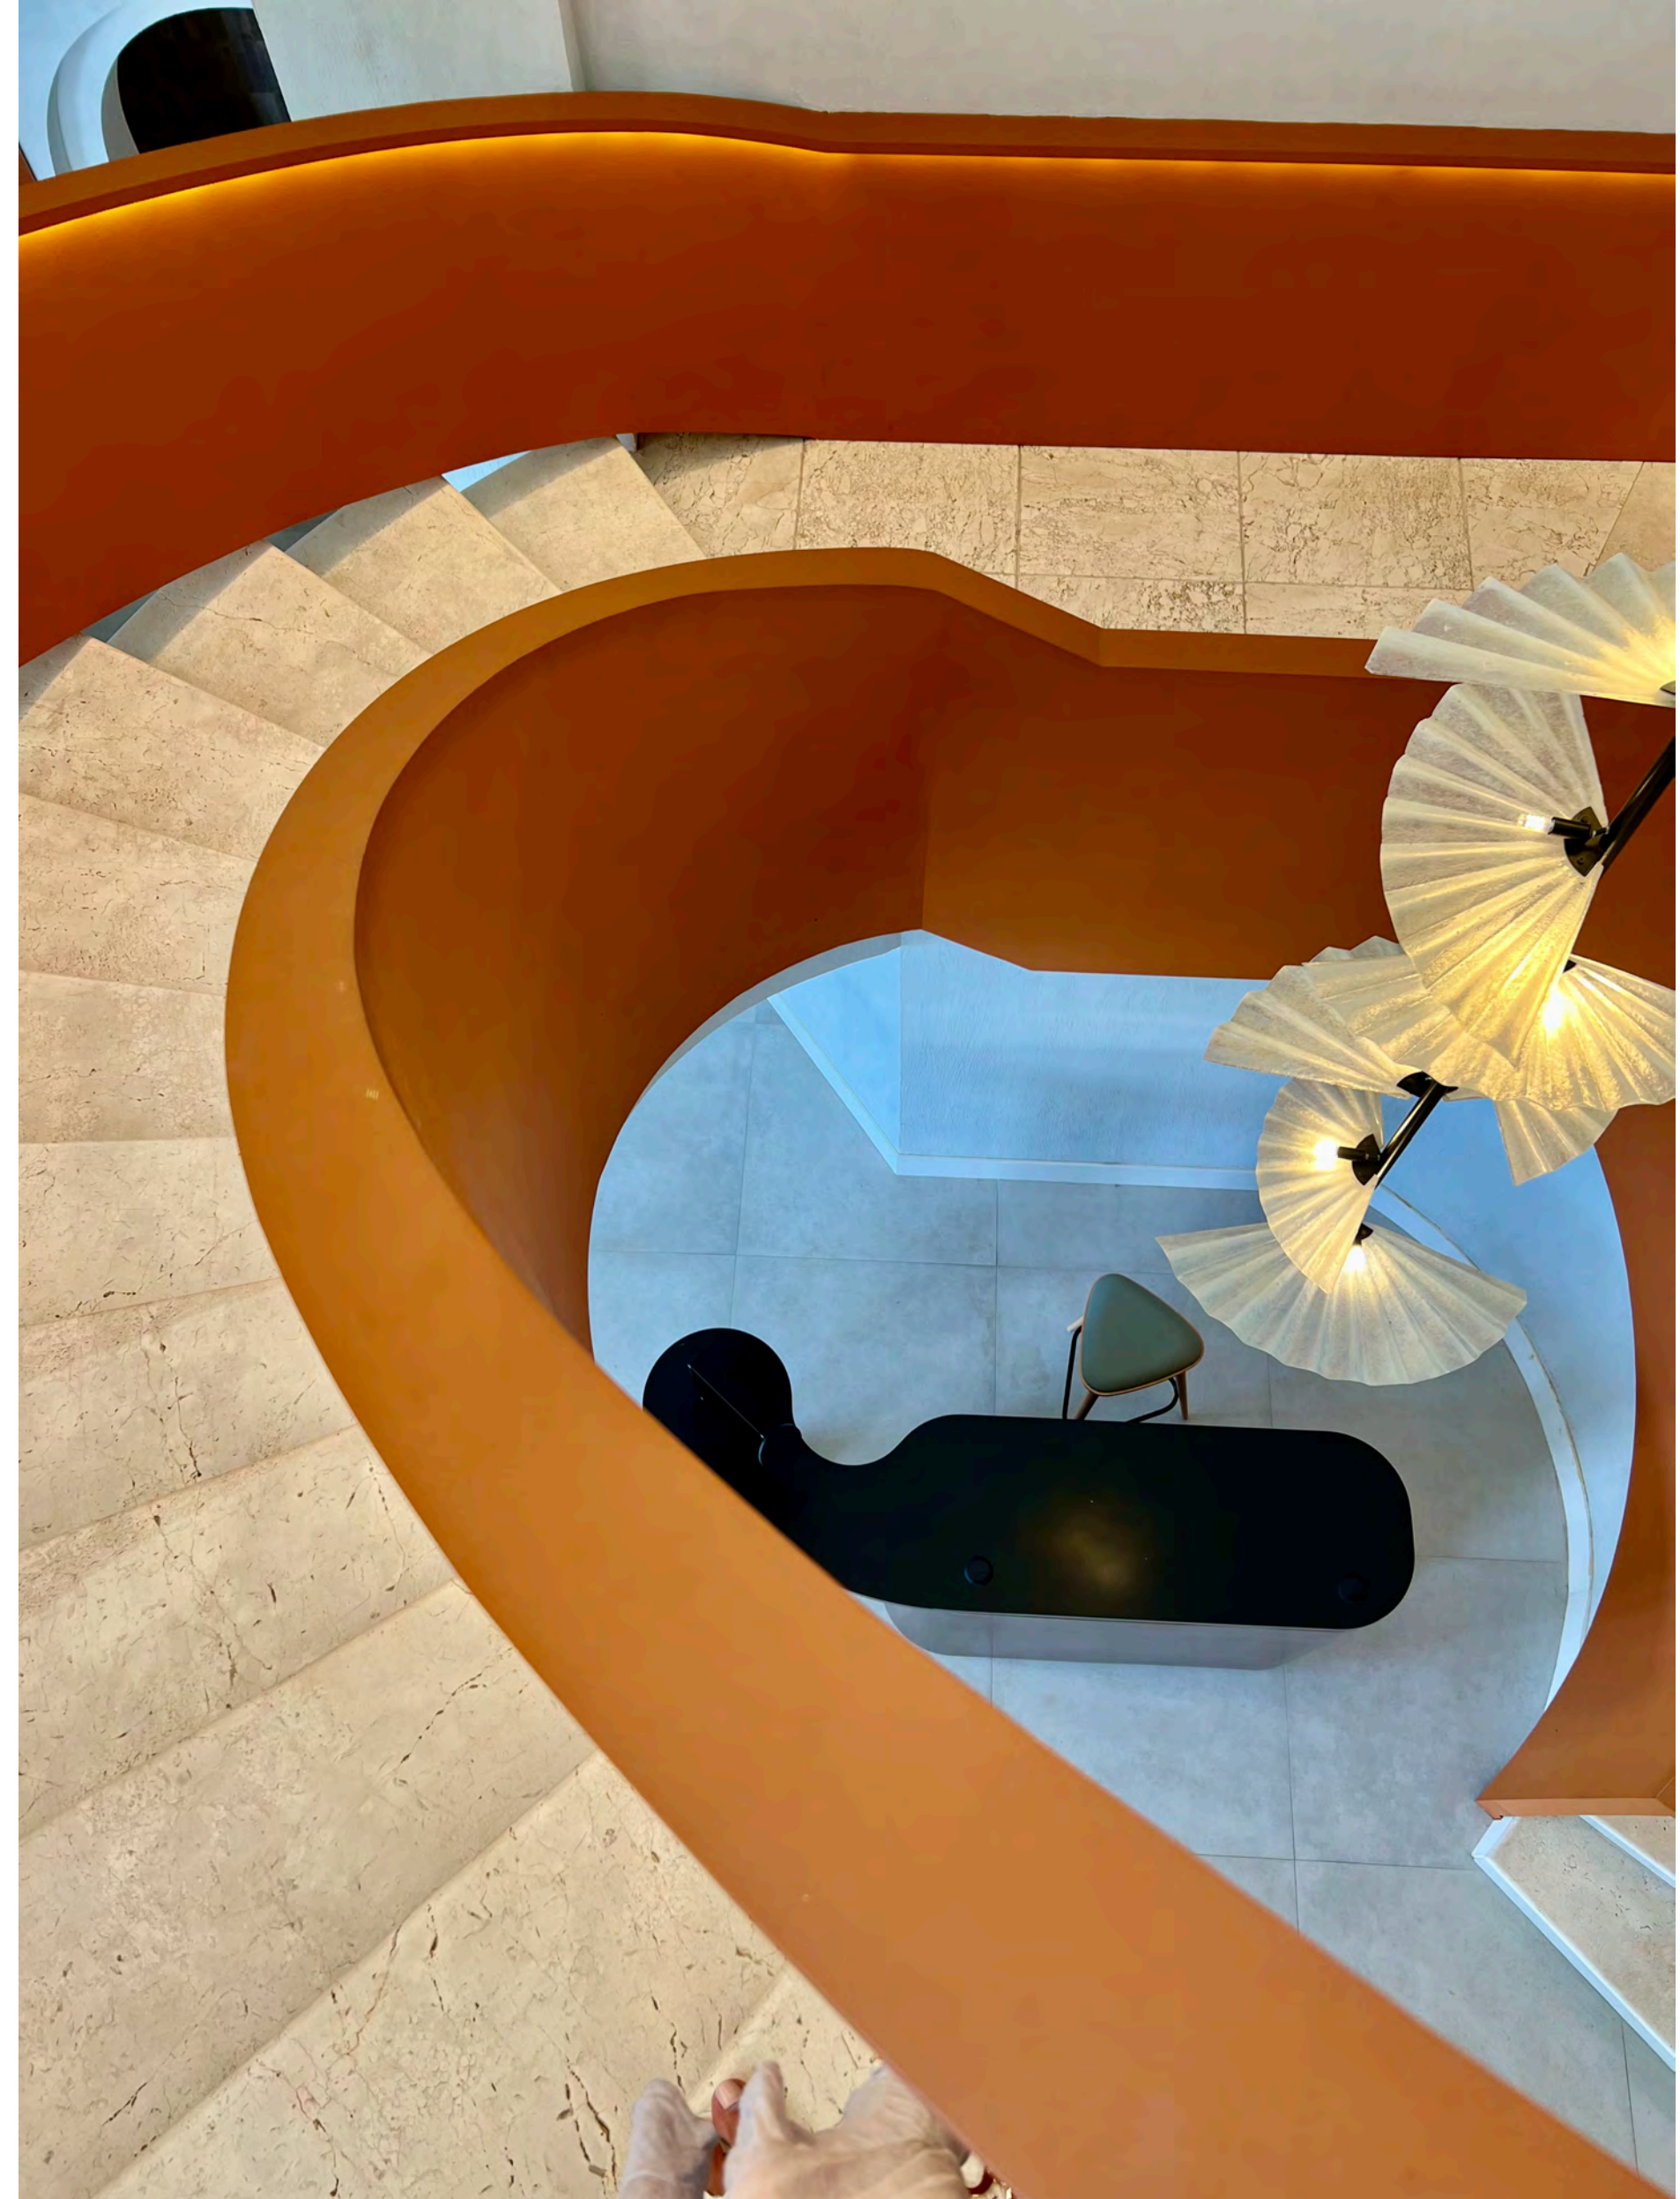

# TIMELESS DESIGN & HERITAGE

”

Curves, arcs, and arches are recurrent architectural themes across the resort, a reminder of the traditional arches of the cortijo's original patio, a place of 'sol y sombra', so evocative of the Andalusian architecture.

The classic Spanish hand fan has been captured in the sculptural chandelier of crystal fans that appear to cascade down through the spiraling staircase; whilst the classic 'botijo' clay water jugs of Andalusia are referenced in the modern rustic charm of the terracotta lamps in the Cortijo restaurant, as well as the guest rooms.

ILONA LEE, SO/SOTOGRADE

*The interior design has, where possible, used national and regional suppliers to create custom pieces, from luxurious Spanish woven rugs, artisan pottery, crafted wallpapers that echo the motif of the Andalucian fan, to bold murals that engage. Artisan ceramic tile murals and paved areas evoke the warmth and history of the south, whilst bespoke lighting references the culture. Each tells their part of the SO/ Sotogrande story.*

# Almenara Penthouse at SO/Sotogrande

”

At SO/ Sotogrande, design tells the story of this place. Each space in the hotel uses art and design to communicate, to resonate, and to make guests feel connected with their destination and with the moment.

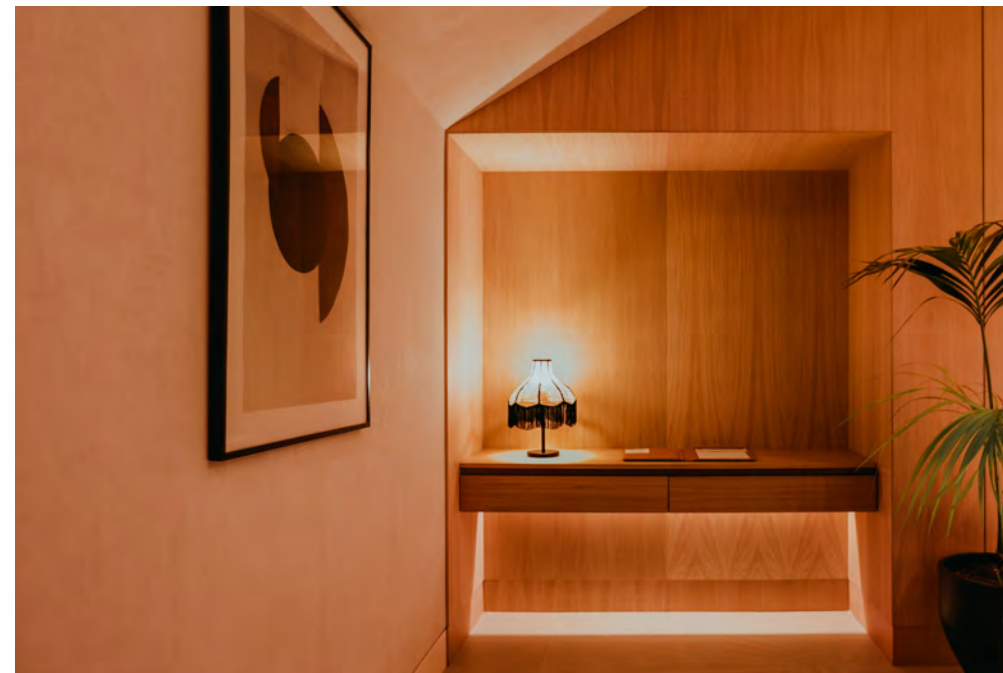

”

The property may have been completely reimagined into an audacious and fashionable destination, but the rich, centuries-old history of Andalusia remains part of the modern, vibrant interior design story of SO/ Sotogrande.

## SO/ DELICIOUS

Sotogrande is where the Mediterranean and the Atlantic meet. Expect tasty bar tapas, gourmet light bites, dishes fresh from the grill, private dining, even Chef's Table experiences, as well as signature restaurants focusing on the best products from the ocean and Andalusia's eight provinces.

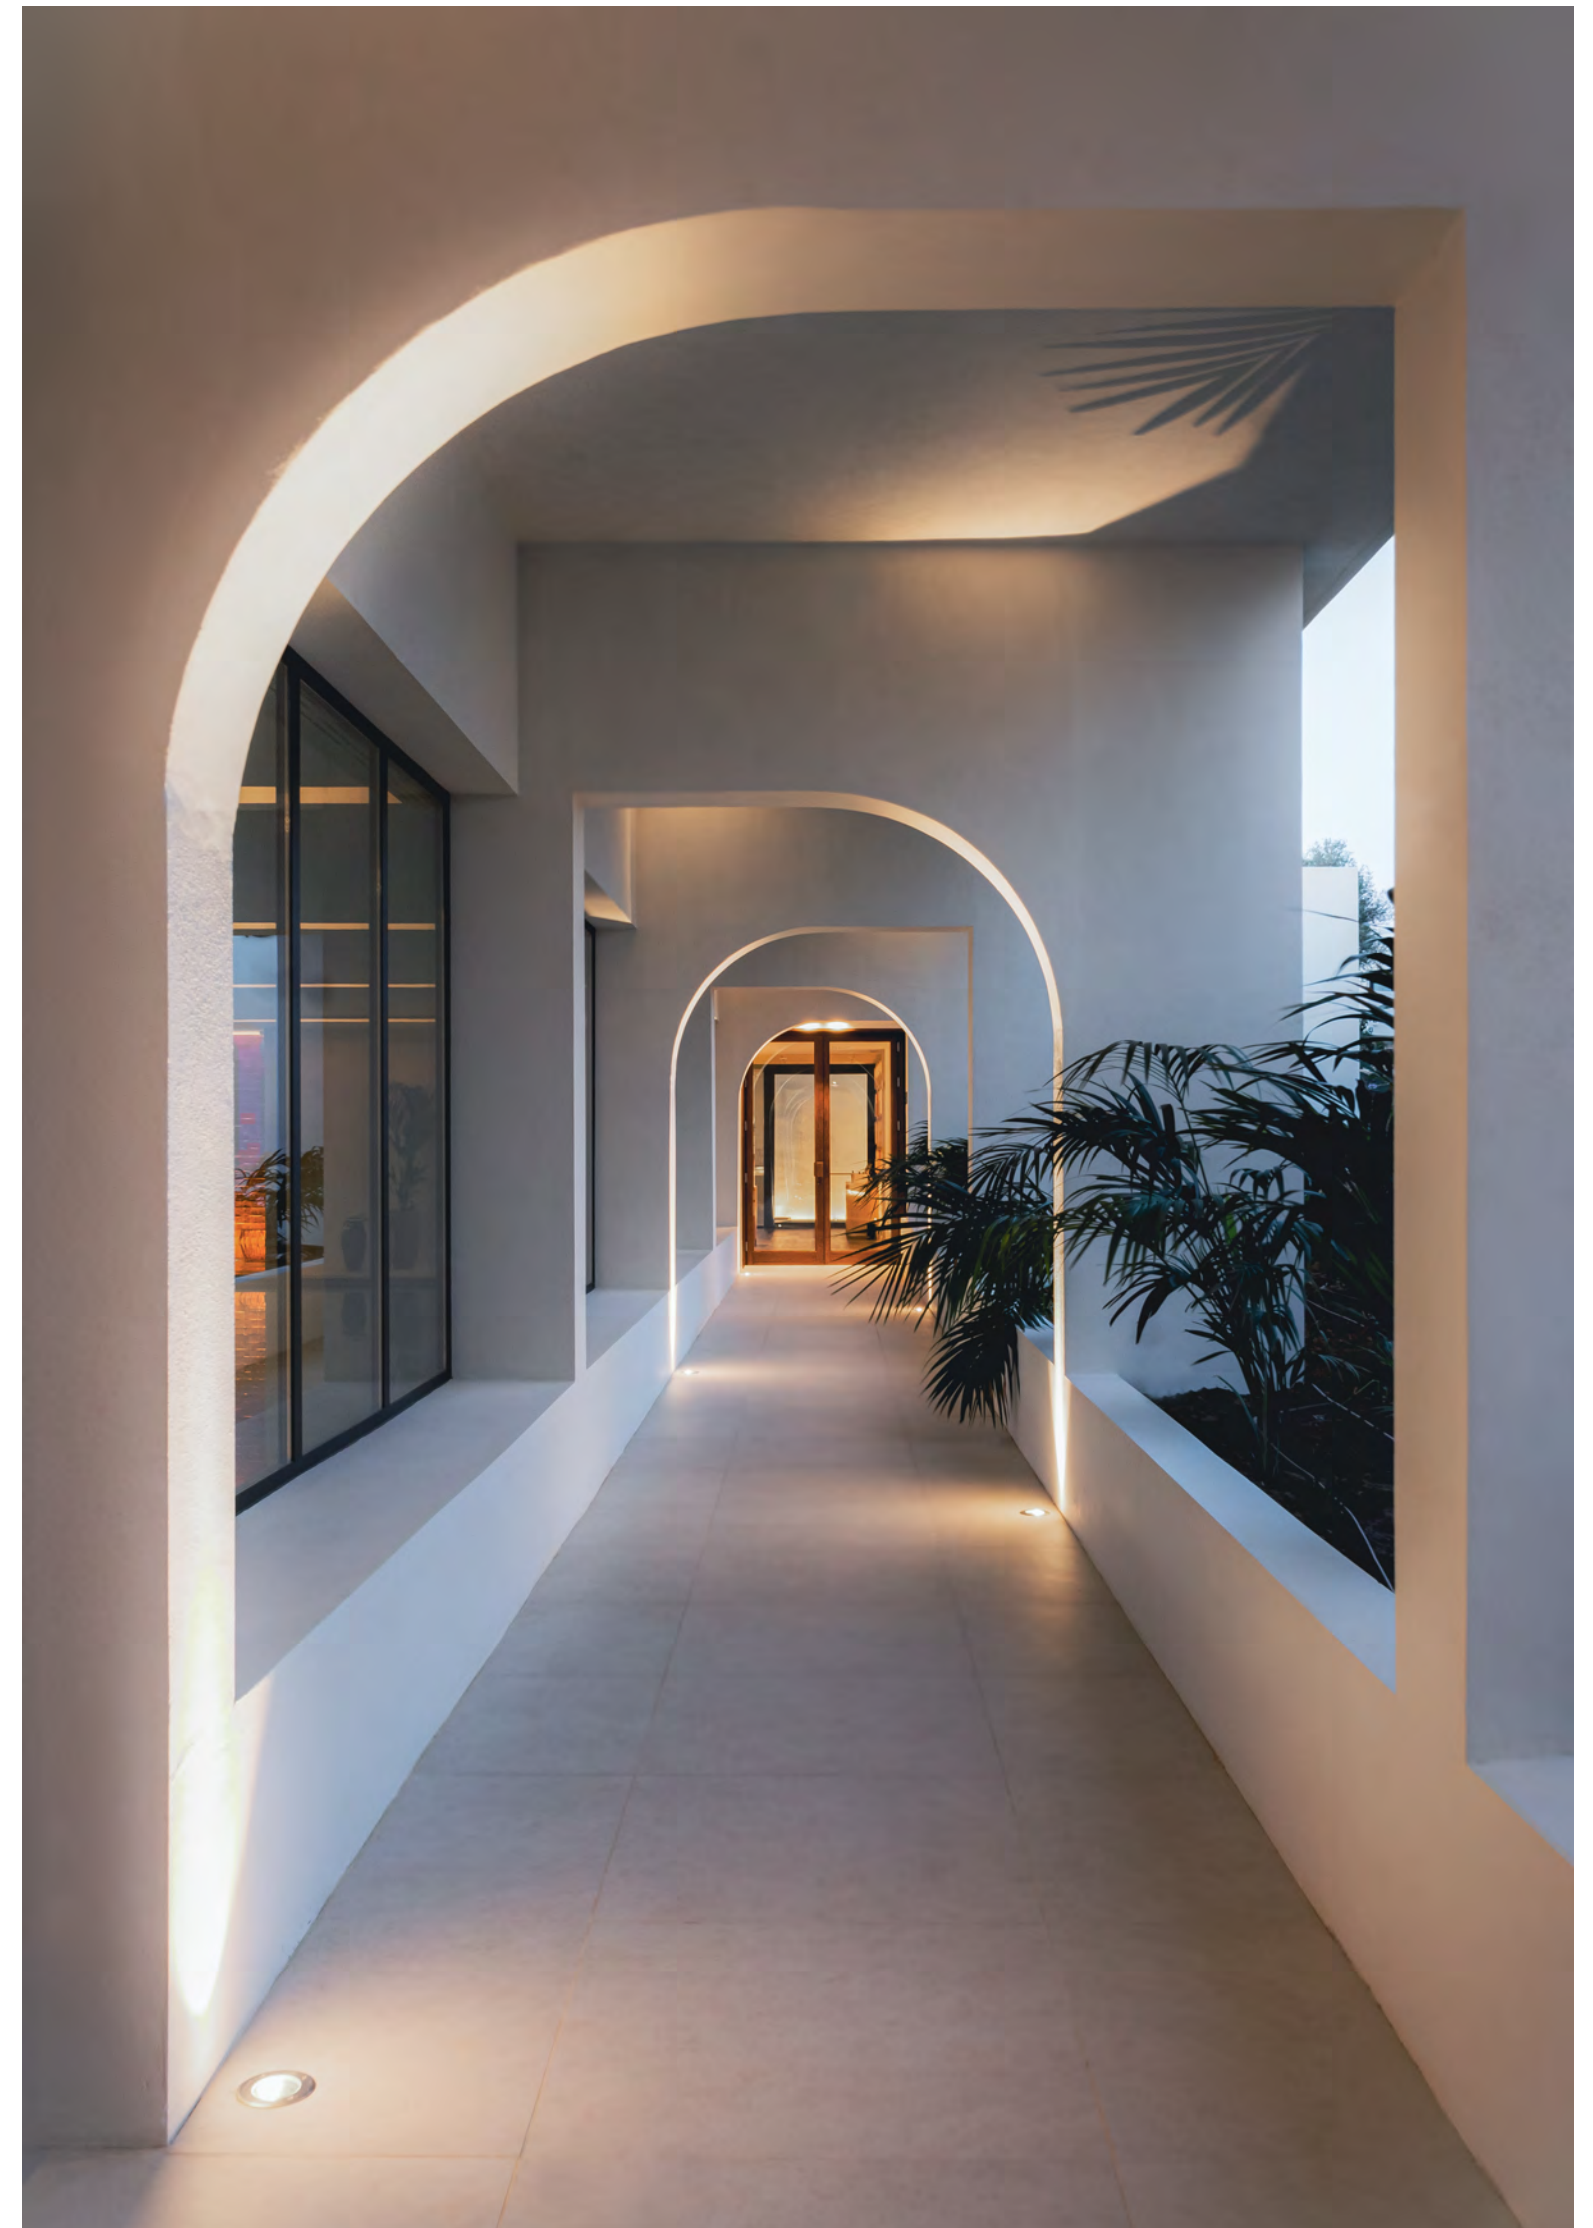

# HARMONY & BALANCE

”

The story of SO/Sotogrande, above all, is a harmonious and holistic one. It is the creative integration of the past, with the vibrancy of the present, sharing the energy of the local destination with curious visitors and, of course, the balance between indulgence and wellness.

# Commitment to WELL-BEING

SO/ SPA & HEALTH CLUB is a striking new wellness facility on the SO/ Sotogrande resort that epitomises this holistic approach. It is a comprehensive health and fitness centre, the place for signature spa treatments and on-trend salon services including cosmetology.

This sanctuary to wellbeing is sparkingly new, yet through architecture, design, art and the treatments and services offered, it draws upon a history of expertise and insights into health and wellness.

Curated treatments with the expected SO/ playful twist are provided by trained therapists, whilst the spectacular, panoramic views of the golf course creates a true sense of peace.

The commitment to wellbeing is also a common thread throughout the in-room guest experience, from in-room salon & spa treatments, healthy dining, through to the healing and indulgent health & beauty bathroom amenities.
